ASSURANCE SURVEY

It is time for the annual Quality Assurance Surveys. The first one out of the gate is the Alberta Education Assurance Survey. New this year, the survey codes will not be mailed directly to you, but sent home via the school to parents of Grade 4, 7, and 10 students -- check their backpacks! By completing the survey, you help both Alberta Education and your local school authority to identify strengths and areas of growth to help inform annual education plans, from both a division and school level. Please know your feedback is very important. Thank you, in advance, for taking time to complete [this survey](#).

Immunizations for Kindergarten Students

Dear Parent/Legal Guardian of pre-kindergarten or kindergarten students,
 As you plan for your child to attend kindergarten, this is an ideal time to review your child's immunization history. It is important to keep your child's immunizations up to date in order to prevent disease and to help keep them healthy.

Children are due for the following routine vaccines at 4 years of age:

- Diphtheria / Pertussis / Tetanus / Polio

These immunizations are provided free of charge.

Immunization Records: any Albertan can submit immunization records, including out-of-province/country records at [immunization record submission \(alberta.ca\)](https://www.alberta.ca/immunization-record-submission)

Please contact your local community health centre to book an appointment for your child.

Thank you,

AHS Public Health Immunization Team
